

Ich heie Ali Anshasi, ich komme aus Irland und ich bin 18 Jahre alt.

**Frage: Was darfst du an deiner Schule mitbestimmen?**

Really only subject wise: We have very limited subject choice. We are only allowed to choose three languages: German, French and Spanish. And I showed up late on the day of languages. French and Spanish were full so I got German - and here I am now in Germany.

**Frage: Was wrdest du an deiner Schule gerne mitbestimmen?**

I think my school in particular doesn't have many after school activities. We have a swimming club, Rugby team. Rugby is mandatory for the first year in school. The colour of the uniforms: The loss of identity and individuality, that's the big issue for me, really.

**Frage: Warum, denkst du, darfst du das nicht mitbestimmen?**

We've been told many times over, it's for equality. Like no matter how rich or poor the student is. We all look the same on the outside. That's a valid answer. I'm sure.
