## HANDOUT 6.3.1 SUSTAINABLE BUSINESS MODELS

First, learn about corporate sustainability efforts with Siemens as a case study. View this short video to get an introduction to the efforts Siemens is making: <https://new.siemens.com/global/en/company/sustainability.html>. Dig deeper into their website to find specific supply examples and specific demand examples, as well as the results of those efforts.

<https://new.siemens.com/global/en/company/sustainability.html>

Then choose a second company for which you can locate sustainability data. Research that company’s specific supply examples and specific demand examples, as well as the results of those efforts.

Company	Specific Examples: Supply	Specific Examples: Demand	Results
<p>Company 1:</p> <p><b>Siemens</b></p>			
<p>Company 2:</p>
