TELL US WHY YOUR SCHOOL WILL NO LONGER OFFER GERMAN TO SPECIFIC YEAR GROUPS

- *Senior management decision to end German provision at the school – they have actively discouraged students from opting for German GCSE.*
- *Our head teacher wants better results. The grade boundaries for Spanish were lower than for German on several papers, making it easier to achieve a better grade.*
- *Reducing to single language, choice of Spanish or French.*
- *No uptake of A-Level German from students.*
- *We are told we need at least 15 people doing German for A-Level.*
- *Due to shortage of (good) German teachers, Year 7 German will not be offered next year.*
- *Dropped at primary as in the parents' understanding German is not a relevant language.*

Goethe Institut 12. Juni 2017

DER SILBERSTREIFEN AM HORIZONT

*We feel there is a **need for** German more than ever and an **interest from the parents** (Brexit, EU, business and economy).*

*German had been removed from the curriculum. After **successful lobbying**, however, it is to be reintroduced as of next year.*

*The future of German at A-level remains precarious but **the will is there** in the school to support it.*
