

German for pupils (age 12-16) **at the Goethe-Institut Israel in Tel Aviv** **during the school year 2018/2019**

Dear pupils

Do you want to meet other teenagers who want to learn German?
Do you want to learn effectively in a course that includes play, music and communicative activities?
Do you want to add extra language skills outside of school in an exclusive atmosphere and find out about lifestyle and culture of the youth in Germany?

If the answer to these questions is yes, come to us and join the Goethe-Institut Israel for a "German for pupils" course during your next school year (2018/2019). Become one of 55 million learners of German worldwide and join a language that belongs to the 10 most important languages of the world!

By the end of the beginners' course you will be able to understand and use familiar expressions which relate to concrete needs and situations around you such as food and drinks or first orientation. You can introduce yourself to others and communicate in a simple manner about hobbies or school.

If you are not a beginner, you can continue with a higher level.

And on top of that, you will be able to prove your German language skills in an internationally acknowledged examination.
