You have finished your GCSE but have no chance to take your German any further at your school? You know German on a good basis (A2+ level) and want to improve even more? Come and study with the experts at the Goethe-Institut in our **excellent Young Learner German blended Learning Course** (AS-Equivalent, B1). We start on the **6<sup>th</sup> of October till the End of December 2018!**

The course will improve your skills and will **boost your confidence** in dealing with future assessment papers whether it is the A-level, Pre-U, Goethe-Zertifikat B2 or TestDaF.

The course provides a thorough **training of all skills** that are required. Discussions and written exercises will focus on the topics relevant to all Examinations. Our students will learn about a **wide range of topics**. There will also be **grammar input** and revision to improve everyone's accuracy in **speaking and writing**.

By completing this course students will be well prepared to start their **A-Level Examination Preparation Course with us from January till the End of March 2018**.

The course is designed as **Blended Learning** course. This concept combines the flexibility of **working autonomously with regular support** from a Goethe-Institut tutor. During the course there will be three **classroom sessions** at the Goethe-Institut London. Students will be given access to numerous **online exercises and activities** in the online phases which can be completed in their own time and at their own pace. Our tutors will provide support during the online activities.

The course comprises:

- **6x Classroom lessons:** participants meet at the Goethe-Institut London
- **Online phases:** provide the support of your tutor and the group in completing individual exercises and group activities which amount to three to four hours per week.
