<sup>1</sup> We need to send this email in order to check whether your login definitely works with the email address given.

<sup>2</sup> **Warning:** If you do not see any emails with the sender address [noReply-kdf@goethe.de](mailto:noReply-kdf@goethe.de) in your inbox, it may be because of the following:

- The activation email comes from outside the scope of your email programme and email provider, from an unknown sender, and contains standardised content. Mails with these features are often not sent directly. Check your 'spam' or 'unknown' mailbox (or equivalent thereof), as our activation email may have gone there instead.
- If this is not the case, you may have made a mistake when entering your email address. Go back to the registration page on MeinGoethe.de. If you attempt to log in and receive a message that the address has already been registered, the problem lies elsewhere. If that is the case, please inform the language course office or your instructor.

- The link will take you back to the login screen. Enter your email address and password, and then click **LOGIN**.

- Click again on your personal username...

... and then on **MY GOETHE.DE**
