Dear students and all of you, who would like to attend a German language class,

Welcome at the Goethe-Institut, the cultural institute of Germany, your partner for successful learning of German. You are holding our brochure containing information on our courses and the examinations and certificates we offer.

We have 60 years of experience worldwide and since 1993 here in Bratislava as well. Evolving teaching methods, qualified teachers, modern textbooks based on neurodidactics, hybrid classes using new media, virtual online classrooms with functions such as electronic notice board and the option to check one's attendance and last but not least – our own Goethe-Bot are among the features of our classes. Regular evaluation of our institute guarantee the best learning experience and success.

In addition, we would like to invite you to our library and café where you can meet interesting people and discover new books, board games for adults and children or try out new mobile apps to help you improve your German skills – all over a nice cup of coffee. You will find more information on offers and activities of the Goethe-Institut on the last page.
