

STUDY AND WORK IN GERMANY/ WITH GERMAN

Presentations and networking for students

Find out more about opportunities for studying and working in Germany and join the career event "Study and Work in Germany/with German" as part of our re-opening program! The Goethe-Institut Boston opens the doors of its wonderfully renovated institute for students of high schools and colleges on Saturday, April 4th from 10:00 am till 1:00 pm.

See how speaking German can improve your career perspectives, and explore options for exchange programs, German university degree programs without tuition fees and career options in Germany and in the USA. Listen to plenary presentations by the German Academic Exchange Service and talk to German and American experts of living and studying abroad.

Participation is free and there is no need for registration. We would like to receive a quick RSVP, however, if you want to attend and we will give away 30 "Wunderbar Together" umbrellas for the first 30 RSVPs.
