€31

€61

€853/month

A photograph of two young women in a museum or gallery. The woman on the left, with long dark hair and a yellow sweater under a black vest, is smiling and looking at a vintage typewriter. The woman on the right, wearing glasses and a patterned sweater, is looking down at the typewriter. The typewriter is a large, black, mechanical model. The background is blurred, showing other museum exhibits.

BACHELOR STUDIES IN GERMANY

Bachelors in Germany

- Six to eight semesters
- Most programmes in German
