

CALL for submission of IDEAS

AFRICOMICS – AFRICOMICS – AFRICOMICS

PROJECT OUTLINE

The Goethe-Institut in Sub-Saharan Africa is working on a project called "AfriComics".

The aim of this project is to promote and encourage the use of comics/graphic novels as a means of artistic, social and cultural expression. For this purpose, we plan workshops with African and German comic artists as well as a publication.

Due to the Covid-19 pandemic, however, physical encounters cannot yet take place, so we are first starting to create a video library that future workshop participants can use to prepare themselves independently.

WHO ARE WE LOOKING FOR?

We search for **creative minds** to produce short videos.

These videos will be presented on a self-learning platform in order to prepare future workshop participants. Possible topics could be:

- History of the comic scene
- Particular tools, programs and techniques
- Specifics of marketing or publishing graphic novels
- Interesting artists or series of your choice

WHAT ARE WE LOOKING FOR?

At this stage, we are looking for **ideas** for videos (10min), which a jury will review and make a selection. The authors of the selected exposés will then be provided with further information about format, fees, deadlines etc.

APPLICATION GUIDELINE

We ask all contributors to send in their application by e-mail as ONE pdf document. Your application should include the following documents:

- **An exposé explaining what you would like to do and to what end**
- A CV and a portfolio including any relevant links to website/social media
