# INSTALLATION OF THE ONLEIHE APP (FOR IOS)

On this page we show you how to install and set up the Onleihe app for your iOS device. The app enables you to use our [digital library](bit.ly/OnleiheEN) ([bit.ly/OnleiheEN](bit.ly/OnleiheEN)) containing more than 35,000 German language media on mobile devices.

## STEP 1: MEIN GOETHE.DE

To use the Onleihe, a one-time registration is required via our website at "Mein Goethe.de".

If you do not yet have an account on our website, please [register](bit.ly/GoetheRegister) ([bit.ly/GoetheRegister](bit.ly/GoetheRegister)). Registration and use of the media are free of charge.

## STEP 2: ACTIVATE ONLEIHE

After logging in, click the menu item "My Elibrary" and then click "Log in". >>

[Activate Onleihe](bit.ly/OnleiheActivation) ([bit.ly/OnleiheActivation](bit.ly/OnleiheActivation))

## STEP 3: DOWNLOAD APP

Now download the app to use the Onleihe on your smartphone.

>> [Onleihe-app in iTunes Store](bit.ly/OnleiheAppiOS) ([bit.ly/OnleiheAppiOS](bit.ly/OnleiheAppiOS))

Open app after installation

# STEP 4: LOGIN

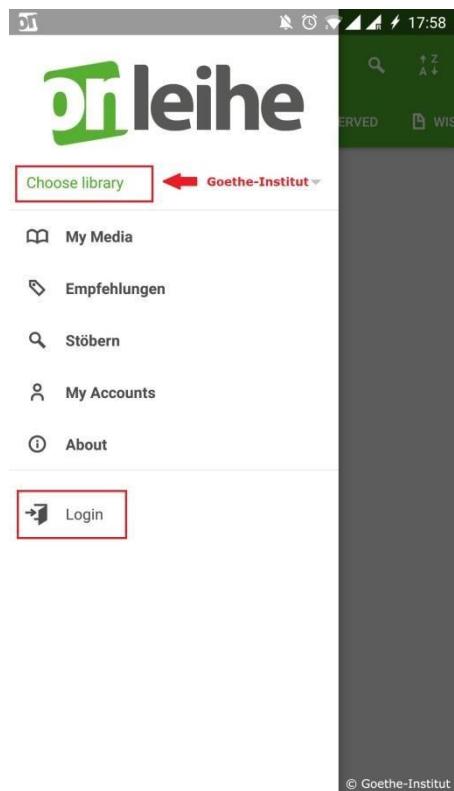

Open the menu of the Onleihe app (three bars in the upper left corner of the app).

>> Choose **Goethe-Institut** as a library.

>> Log in using your credentials for **My Goethe.de**.

# STEP 5: DOWNLOAD A MEDIUM

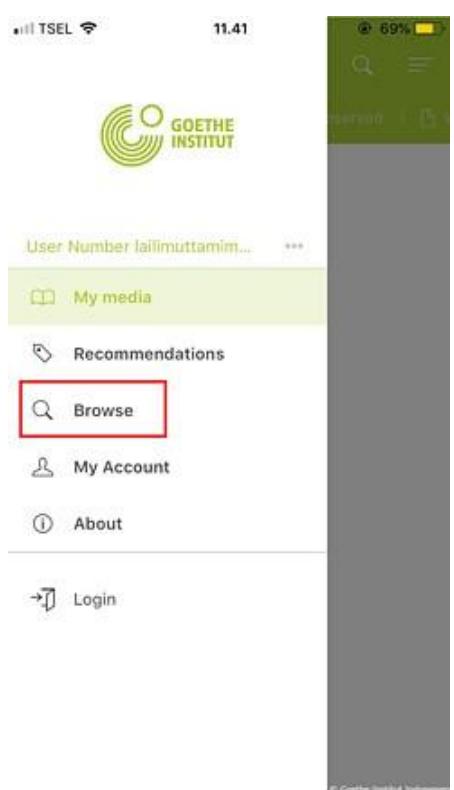

You are now logged in! Select the menu item "Browse" to look for and download media.

# STEP 6: ACCEPT TERMS OF USE

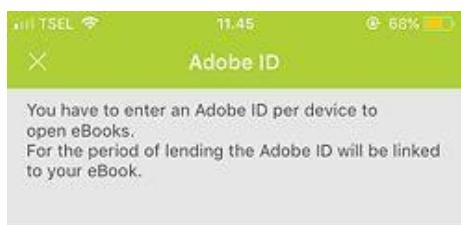

The first time you download a medium you will be automatically prompted to agree to the data protection statement and to the conditions of use. Please confirm your acceptance.
