

SPAß MIT WOLFI

Playtime at the Goethe-Institut Ljubljana

Do you want that your children develop sympathy for the German language? Would you like them to enter the world of the German language in a playful way and that they learn with fun and joy?

At the Goethe-Institut Ljubljana we offer playtime, where kids (age 5-9) either take the first steps in German, practice what has already been learned or learn something new in a familiar environment under the supervision of experienced teachers.

The playtime takes place on Saturdays and lasts two hours. Each playtime has a topic, and has two parts. In the first part we do handicrafts connected with the playtime topic, and in the second part we do some exercise. At the end of the playtime we prepare for the parents a small exhibition of our work.
