

Afisya & Lintang's School Project

Our final project of NETZWERK KLIMA in our school :

1. Giving Knowledge about SDGs
2. Expanding The Mass of @earthiest_org's Campaign
3. Turning Off Motorcycle before Entering The School Environment

Expanding @earthiest_org

Giving Knowledge about SDGs

We were presenting in front of the Castle Deutsch Club members, to raise knowledge and awareness about the SDGs and sustainability compass in general.

Turning Off Motorcycle

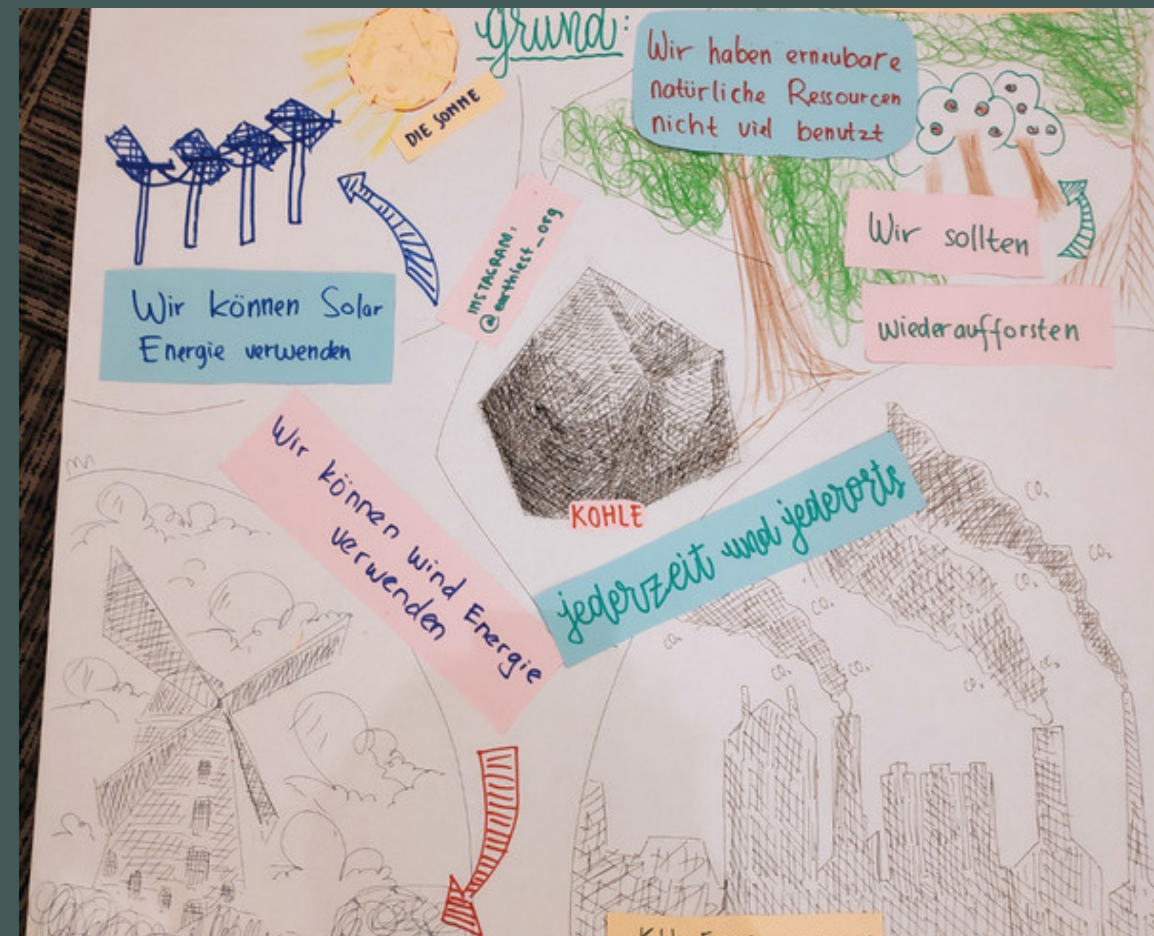

This is our school's sign to turn off the motorcycle when you enter the school area

Devan's School Project

Presentation About SDGs

In order to improve the current environment situation in the world, especially Indonesia, I have present everything I've learned throughout the Netzwerk Klima Jugendcamp to people from my school

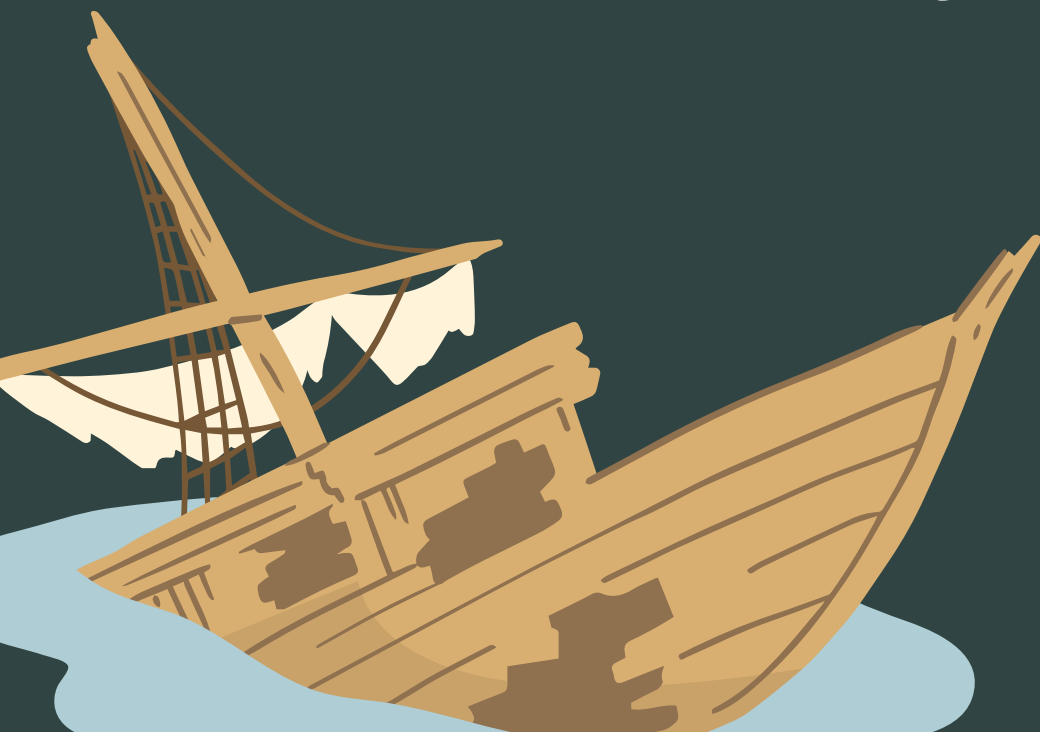

Presentation Documentation

These are the documentation of my presentation which was held in the German Language Club in my school
