STEM Workshops

The experience stalls are interactive learning stations where participants can engage in hands-on activities related to various STEM (science, technology, engineering, and math) fields. Each stall provides a unique experience and can be completed within 20 minutes, allowing participants to rotate between different stalls throughout the session. Here's a brief introduction to each stall:

Nao Robot: Participants can interact with a humanoid robot, Nao, by giving voice commands, making it walk, and recognizing their faces.

Simple Machines & Robotics Booth: Participants can view and operate working models related to robotics, including a mini amusement park, an elephant model, and a stair climber that demonstrate simple machines.

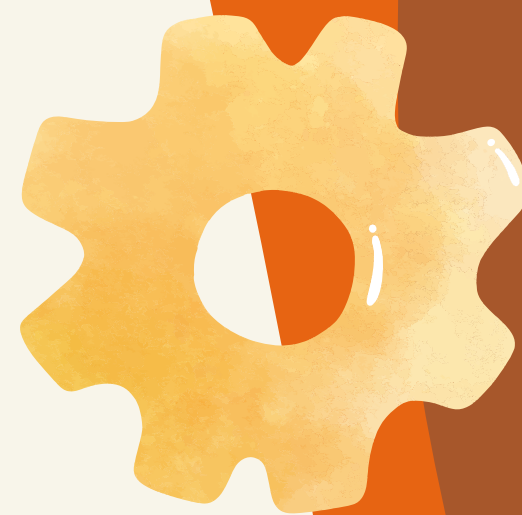

3D Designing & Printing: Participants can see 3D printers in action and participate in a DIY activity to create 3D badges using 3D doodlers.

Electronics & IoT: Participants can view various working electronic circuits and devices, including a cliff-avoiding robot, a smart lamp, and an electric vehicle, as well as renewable energy models.

DIY Stalls: Participants can engage in various DIY activities such as creating electronics with copper tapes, building geometrical structures, and making 3D structures using molecular models.

Drone Area: Participants can learn how to control drones and experience the thrill of flying within a designated drone cage.

STEM Games: Participants can program and solve table-top robotics games - Robothon and Maze Challenge - that involve programming a robot to complete tasks and navigating a ball through a maze using a remote control.

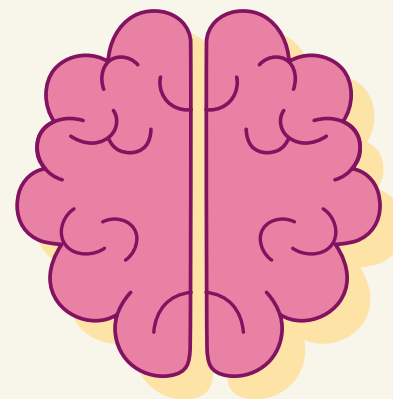

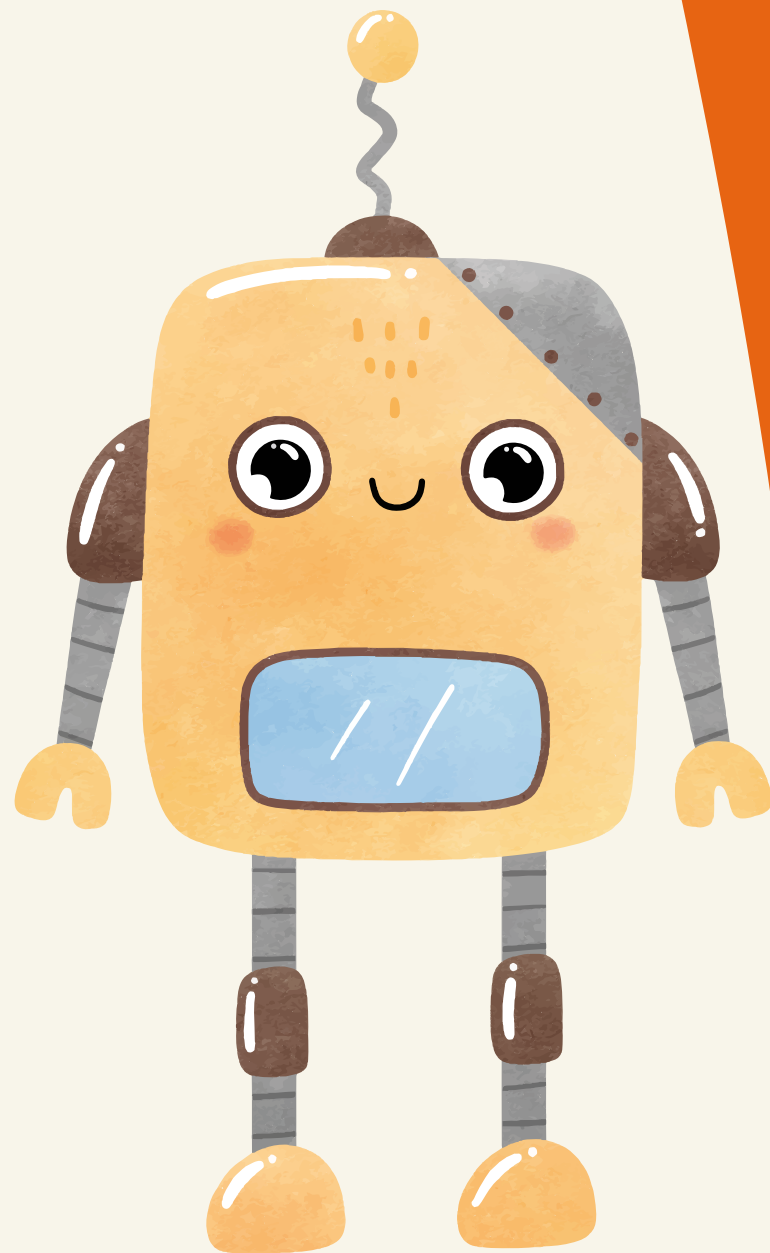

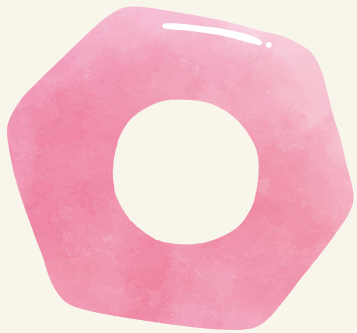

STEM Workshops

VR Zone: Participants can experience immersive virtual reality content based on space to promote curiosity and understanding of the universe.

AI Zone: Participants can view various AI-powered features, such as filters using face recognition, an autonomous car, and a robot dog, to demonstrate the capabilities of AI and its applications.

Mental Health Workshops

Time Travel into a Journey of Hopes is an interactive workshop for young people to explore their hopes and dreams for 2023-2024. Participants will journey through different aspects of their lives, such as self, academics, and leisure. Facilitators will guide participants in reflecting on and achieving their goals. The workshop also includes engaging activities to connect with others. Attendees will leave with a better understanding of themselves and tools to pursue their dreams confidently. Join us for an empowering and inspiring experience.

Dance Battle

Join us for an exciting three-day dance workshop at Pasch Karneval where we will be teaching you choreographies to popular international songs, as well as some German songs in the same genre. Our workshop is inspired by artists like Dua Lipa, Ariana Grande, and many others.

In this workshop, you will learn to incorporate various dance styles like Jazz Funk, Urban, and Latin to create a unique and engaging routine. Our experienced dance instructors will guide you through each step and help you perfect your moves.

We are also introducing a **bring-a-buddy** concept for this workshop. Participants can bring another friend, cousin, or group member who is not learning German yet, to join them in this fun and exciting workshop.

On the first two days, we will be dividing participants into two batches and teaching them the choreography. Each batch will have the opportunity to learn and practice the routine, with feedback from our instructors.

**Batch for Juniors:
9-12 Years**

**Batch for Seniors:
13-17 Years**

Finally, on the third day, the two batches will compete against each other to showcase their newly acquired skills. This competition will be judged by our expert panel of judges and winners will be awarded exciting prizes.

Whether you are a beginner or an experienced dancer, this workshop is perfect for anyone who wants to learn new choreographies and improve their dancing skills.

So, come join us for an unforgettable experience of music, and fun dance, at Pasch Karneval Dance Workshop!

Pasch Karneval Concert

Attention all German learners! Are you ready to be swept off your feet by the highlight of **Pasch Karneval**? An evening of **musical enchantment at Parklife** awaits you.

Get ready to be transported to a world of magical melodies and mesmerizing performances at the Goethe-Institut/ Max Mueller Bhavan, Kolkata on April 13th, 2023, starting at 6 pm sharp.

Parklife is more than just a concert, it's a celebration of the most talented and innovative independent musicians in the city. From unconventional spaces to an eclectic lineup, this year's event promises to be a mind-blowing experience that you won't soon forget.

Get ready to be blown away by **Paloma and Adil**, an electronic mood-music duo that has been making waves since their debut EP "Alonely" was released in 2018.

And that's not all! The incredible Sylheti-English indie dream folk band, **Whale in the Pond**, will also grace the stage with their unique sound and captivating presence.

Aamir Rizvi, a singer-songwriter from Kolkata, India, whose music revolves around the world of acoustic ambience, will also be performing, bringing his signature style to the event.

But that's not all! As a celebration of multilingualism, the concert will also feature karaoke of German popular hits, so you can sing along and show off your language skills. Parklife is not just about music, it's about the experience. You'll be taken on a journey through a diverse range of genres and languages, all from passionate artists dedicated to their craft. This is your chance to be a part of a truly unique and unforgettable musical event, and the highlight of Pasch Karneval in Kolkata. Don't miss out on the magic of original and independent music-making, and the chance to sing some German hits, at Parklife!

Sustainable Drape Culture

by Gaurav Juyal

Tuesday, 11.04.2023

9 AM - 11:30 AM

Age group : 12-15 years

Language : English

Join TEDx speaker and Education Designer Gaurav Juyal for a fascinating 2-hour workshop on **Sustainable Drape Culture!**

In this workshop, you'll discover the art of sustainable draping and how it has been part of various cultures for centuries. Gaurav will take you on a journey through diverse textile traditions and their significance in creating sustainable and eco-friendly clothing.

You will learn about the importance of fabric choices, different draping techniques that maximize the use of materials. Participants will also have the opportunity to create their own drape designs and gain valuable insights into sustainable and ethical fashion practices.

Don't miss this chance to learn from one of the best learning experience designers in India.

Requirements - Cloth, e.g. Dupatta.

I Can Do It!

by Beata Weber

Tuesday, 11.04.2023

11:30 AM - 1 PM

Age group : 12-16 years

Language : German

Join the "**I can do it!**" workshop and say goodbye to the fear of exams! We want to create a safe and supportive environment where you can share your experiences and learn from others. Our workshop is tailored to students aged 12-16 years and will be conducted in German.

During the workshop, you will learn about the different forms of test anxiety and how they can affect your performance. You will also discover techniques to manage stress and improve your focus, concentration, and memory retention. We will share tips on how to prepare for exams and develop effective study habits that work for you.

Most importantly, we want to empower you to believe in yourself and your abilities. You are capable of achieving great things, and we will help you build the confidence to succeed.

So, join us for a fun and interactive workshop that will boost your academic performance and help you enjoy the learning process once again.

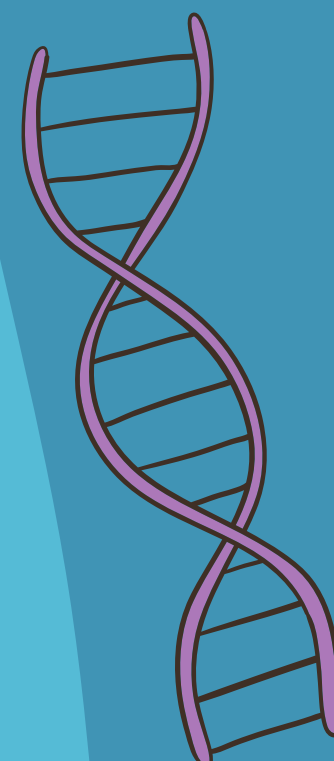

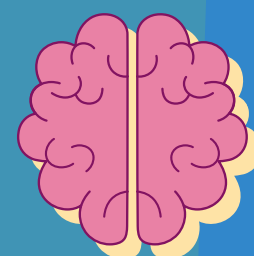

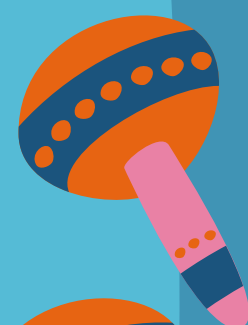

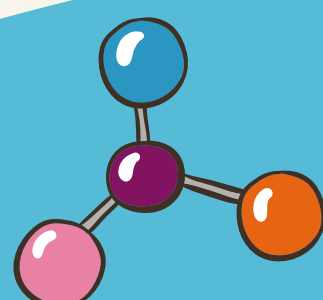

Don't let test anxiety hold you back. You can do it!

Requirements-
Notebook and pens.

D-Pop

by **Adrija Mazumdar & Palak Kothari**

Tuesday, 11.04.2023

12:30 PM - 2:30 PM

Age group : 12-16 years

Language : German

Prior registration is required to attend the workshop

The Goethe-Institut / Max Mueller Bhavan Kolkata is organizing an exciting workshop to introduce students to the vibrant world of German pop music. Music has been known to improve cognitive functions like comprehension and memory, and this workshop aims to combine language learning with music appreciation.

The D-POP project has been designed to creatively refine the German language skills of young learners. This workshop will be conducted by experts Adrija Mazumdar and Palak Kothari.

During the workshop, participants will be introduced to various genres of German pop music, its history, cultural significance, and prominent artists. The workshop sessions will focus on training all four language learning skills - listening, reading, writing, and speaking- through interactive activities and exercises. Participants will also learn about the art of music and performing, and how to express themselves in the German language through music. The workshop will conclude with an online competition where participants can showcase their skills by submitting entries and performing a German song of their choice together with their peers.

If you have any questions, please feel free to contact us at **anita.mitra@goethe.de**.

Don't miss this opportunity to explore the vibrant world of German pop music while refining your German language skills!

Exploring the World of Franz Marc: A Creative Art Workshop for Children

by ThinkArts

Thursday, 13.04.2023

9:30 AM - 10:30 PM

Age group : 7-12 years

Language : English

Join us for an immersive and inspiring workshop that celebrates the artistic legacy of **Franz Marc**, one of the key figures of German Expressionism.

At ThinkArts, we believe that theatre and art experiences are indispensable for a child's development, sparking their imagination and fostering skills, curiosity, and creativity that enable them to experience the world more fully.

In this workshop, children will be introduced to the vibrant and imaginative world of Franz Marc's art, where horses are blue and cows are yellow. Through hands-on activities and interactive discussions, participants will learn about Marc's life and legacy, as well as explore his techniques and styles. Children will be encouraged to express themselves through painting and drawing, creating their unique masterpieces inspired by Franz Marc's art.

This workshop is suitable for children aged 7-12 years old, and no previous art experience is necessary. Our experienced facilitators will guide the children through the activities, ensuring a safe and engaging learning environment. All materials will be provided, and refreshments will be served.

Come and join us for a fun and creative journey into the world of Franz Marc!

Requirements-

A4 sheets of paper, colours/ paints

Cine-Karneval für Kinder

Tuesday to Thursday, 11-13.04.2023

Age group : 8-12 & 13-15 years

Language : German with English subtitles

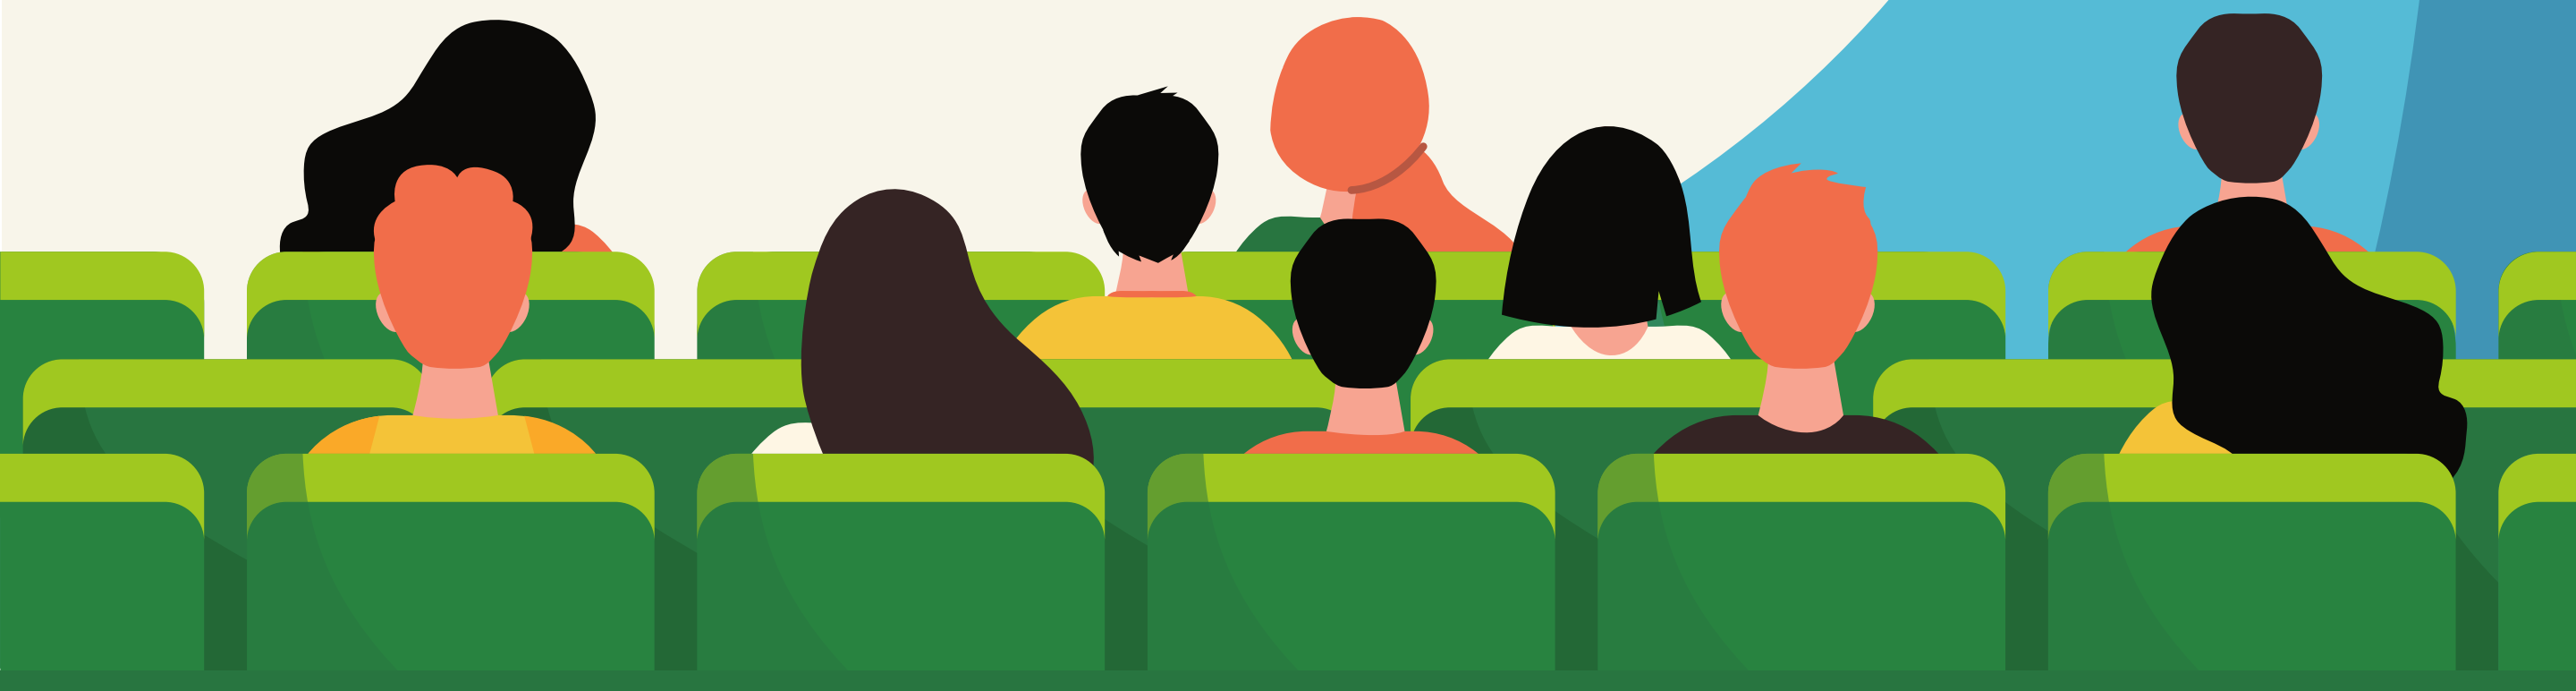

Join us for the German Film Festival for kids at Don Bosco School during the Pasch Karneval from 11th to 13th April! This festival is a unique opportunity for young cinephiles to discover and enjoy the best of German cinema.

We have carefully selected age-appropriate films that are both entertaining and educational, with powerful messages that will inspire and engage our young audience. From heartwarming dramas to thrilling adventures, our films will take you on a cinematic journey that you'll never forget.

But the festival is more than just movies. We've also designed a fun and interactive program that includes workshops, games, and activities that will allow kids to explore and learn more about German culture and language.

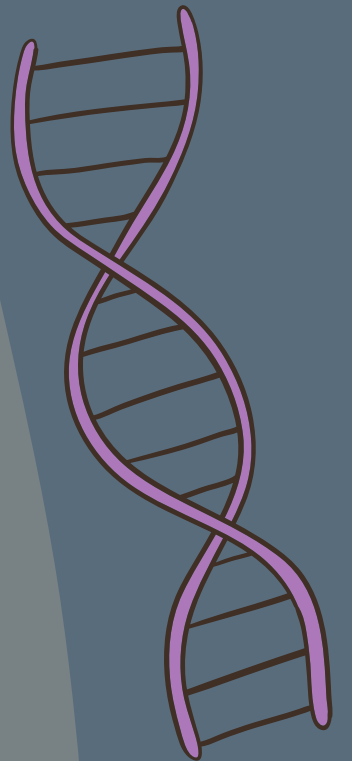

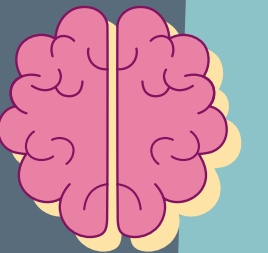

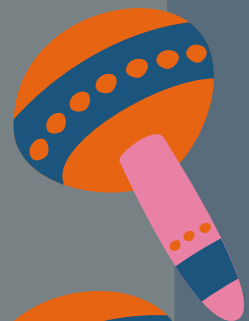

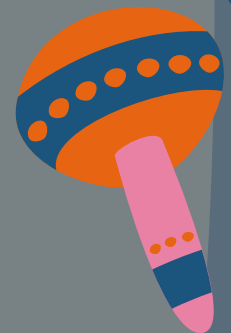

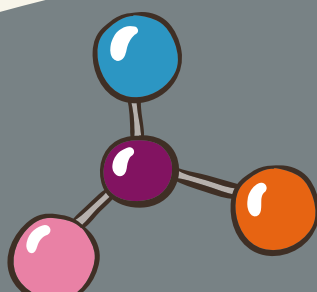

We're excited to have your involvement in this project, as your expertise will help us select the best films that convey meaningful messages while also being fun and engaging for the students.

So, get ready to immerse yourself in the magic of German cinema, make new friends, and have a blast at the German Film Festival for kids at Don Bosco School.

Beethoven for Young Minds: Nurturing Imagination, Curiosity, and Creativity Through Music

by ThinkArts

Tuesday, 11.04.2023

9:30 AM - 10.30 AM

Age group : 8-12 years

Language : English

We are excited to invite you to an upcoming workshop that will take you on an incredible journey into the world of Ludwig van Beethoven, one of the most renowned composers of all time.

At ThinkArts, we strongly believe in the importance of theatre and art experiences for nurturing your imagination, curiosity, and creativity, and this

workshop presents the perfect opportunity for you to experience the magic of music.

During the workshop, you will have the opportunity to learn about Beethoven's life and his famous piano compositions, such as Symphony no. 5 and Fur Elise. You will get to listen to some of his most recognizable music and analyze the emotions and stories that they convey. Most importantly, you will have the chance to dream up your own responses to Beethoven's music, exploring your own creative potential in a fun and engaging way.

Don't miss out on this unique opportunity to discover the beauty of music with ThinkArts. Come along to this exciting workshop and let your love for music flourish!
