The Library at the **Goethe-Institut Nigeria** is being remodelled and has opened its doors to the public again. We are currently hosting some books from the CCA .

Next to offering a wide selection of **German novels** (some in English translation), books on German history, geography and culture, as well as course material for learning German (all levels, A1 – C2), we also have a whole section that specifically focuses on **African literature**, philosophy and arts & culture. In addition, we stock an array of DVDs – mostly German movies, but also Music CDs – and have monthly updated **magazines** that give insight into politics and lifestyles in Germany.

Moreover, the **virtual library** of the Goethe-Institut allows our members to borrow digital documents, such as eBooks, eAudio books and electronic newspapers, for a predetermined period of time, by downloading them from the **eLibrary (Onleihe)**.

The Library also organizes **events**, such as workshops, conferences, and panel discussions, on a variety of topics in the fields of literature and current affairs with the aim to educate, network and exchange knowledge and experience.

Library membership varies: German language students at the Goethe-Institut have **FREE membership**, whereas non-students (everyone else) pay a yearly fee of **NGN 2,000**.

ART AND CULTURE DEPARTMENT 2024

The Department of Art and Culture opens the year with its Support and Connect Initiative. Being the most widespread of our programs, the Support and Connect Initiative funds the most innovative projects and expressions from around the country.

Our Connecting The Dots project, spanning from 2023 to 2025, focuses on public museums in Nigeria, facilitating community engagement with public museums through museum conversation series and youth education programs.

Dreaming New World delves deeper into the future with the actualization of the visionary projects across various disciplines such as Artificial Intelligence, Big Data, AR/VR, Speculative and scientific fiction, and collaborative methodologies.

Our Art/Space Negotiations: Lagos project takes a bold step with its first set of space negotiation ambassadors to activate an artistic space of creation and freedom in the bustling city of Lagos. The Art/Space Negotiations is a project initiated to open a new line of interrogations and discussions on space availability and utilization for critical art in Lagos.

Our Lagos-Berlin Residency program, continues in the first quarter of 2024. Artists will work on the confluence of art, technology, and society considering recent developments in artificial intelligence.

Watch out for these projects and more on our various media outlets.
