SUSTAINABLE RESIDENCY PROGRAMME

CYCLE UP!

New artistic perspectives on bicycle cultures and communities.

Transport is one of the greatest contributors to global carbon emissions.

In response to this, we are launching a new residency programme to develop artistic perspectives on bicycle cultures and communities in five European cities. The programme will provide opportunities for artists to create interventions that inspire local decision makers and invite communities to imagine bike-friendly, inclusive spaces in our cities.

Sustainability is at the heart of this residency, in terms of production, exhibition, mobility, project management and the networks we will create.

Residency period: May to September 2024

What we Offer

- Accommodation
- Studio
- Production costs
- Green travel costs
- Financial contribution

Apply now!

Deadline:
31st January 2024
