

Instructions: Changing the keyboard language to German

Note: these instructions are examples for the Windows and Mac OS operating systems. The individual steps may vary depending on your operating system. Please find out in good time how to change the keyboard setting on your device and check the setting before the examination.

WINDOWS

Install the right language:

- 1. Open the settings via the "Start" menu
- 2. Select "Time and Language"
- 3. Select "Language"

← Einstellungen	- 🗆 X
✿ Startseite Einstellung suchen >	Sprache Windows-Features wie "Einstellungen" und der Datei-Explorer werden in dieser Sprache angezeigt
Zeit und Sprache	······································
 Datum & Uhrzeit Region A[‡] Sprache 	Bevorzugte Sprachen Apps und Websites werden in der ersten unterstützten Sprache in der Liste angezeigt, die sie unterstützen. + Sprache hinzufügen
D Spracherkennung	A ^字 ^[2] ^[2] ^[2] ^[2] ^[2] ^[2] ^[2]
	Find the second

4. "Add language" à Select "German" à "Continue" à Uncheck "Set as my Windows display language", "Speech recognition", "Handwriting" à "Install"

Activate display in the Task Bar:

- 1. Right-click on the Task Bar
- 2. Select "Task Bar Settings"
- 3. Select "Activate or deactivate system icons" à Set "Input indicator" to "On"
- 4. Abbreviation (e.g. DEU for German) is now displayed in the Task Bar, by clicking on the abbreviation all installed languages are displayed and you can quickly switch between the input languages.
