Jenseits der blauen Grenze (2024)

Beyond the Blue Border

Friday 20th - 05:00 PM

A border crossing from the GDR to West Germany is observed, swimming 50 km through the Baltic Sea. In parallel, the adventurous drama tells the close friendship between three 15-year-olds, whose everyday life reflects different ways of dealing with the structures of the GDR: one protests and is constantly sanctioned, the second must put all her talents at the service of the state, the third is lucky, he receives permission to leave. All this ultimately leads to the spectacular escape that makes this film as exciting as it is touching.

Roter Himmel (2023)

Red Sky

Friday 20th - 07:30 PM

A small holiday house by the baltic sea. The days are hot and it hasn't rained in weeks. Four young people come together, friends old and new. As the parched forests around them begin to ignite, so do their emotions. Happiness, lust and love; but also jealousies, resentments and tensions. Meanwhile the forests burn. And before long, the flames are there.

Zwei zu Eins (2024)

Two to One

Sunday 22nd - 3:00 PM

This movie is based on a true story about the GDR - after the fall of the Berlin Wall in 1989, but before the official reunification with the FRG. The film explores whether the East German consciousness has already changed, what inventive spirit capitalism awakens, and how a few neighbours use the still confused situation for personal gain. This is told through a rather amusing robber story.
