

LESSON PLAN

Theme 5: Shadow plays (Schattenspiele) Session 3 (of 3)

Tips and Tricks for your Club Session

- Have the log in information for the learners ready.
- In this lesson, the learners will use devices, ideally individually, to re-watch the videos and complete the tasks. Lessons 1 & 2 can be completed without this step, but the learners will enjoy collecting online rewards and working through the unit independently.
- Ideally the learners will all have a school based email address in order to create their own KINDERUNI account, or they could have pre-registered at home with a parent/carer's email. They MUST be able to remember their login details- it would make sense for the leader to hold a hard copy of all of these. Details of how to link a child's and a teacher's account can be found here:
