THINKING ARCHITECTURE
THE OLD, THE NEW, THE CURRENT

INTERNATIONALLY LOCAL
13:10 - 13:50 | 08.10.2025

Tan Duy Nguyen, partner at of the Swiss-Vietnamese design studio **G8A architects**, introduces the diverse work of their office. With their experience in a wide range of building types, including large-scale residential complexes, mixed-use developments, preservation and renovation projects, as well as urban planning and master planning, we want to ask: How does their international background influence their daily practice in the local context?

INFORMAL ARCHITECTURE
13:50 - 14:30 | 08.10.2025

Dr. Archie Pizzini is an interior designer and architect as well as co-founder of **HTAP architects** in Ho Chi Minh City. His work is marked by a discerning examination of the informal architecture of Vietnam and a quest for its significance in design.

UNCOMPROMISINGLY VERNACULAR
14:40 - 15:20 | 08.10.2025

Tropical Space brought contemporary Vietnamese architecture to international recognition in the early 2010s. Since then, the work of **Ungu Ngon Tran Thi** and **Long Nguyen Hai** has represented uncompromisingly vernacular design, working towards a new Vietnamese architectural culture in the context of a tropical climate, limited resources and a rigorously human-centered approach.

ROBUST ARCHITECTURE
15:20 - 16:00 | 08.10.2025

Co-founded by **Prof. Ariane Wigner** in early 2018 in Berlin, **Kirchberger & Wiegner Rohde** is a practice for architecture, interior, design and urban planning. Based on thorough analysis they create custom solutions for varying tasks in diverse contexts and multiple scales. Driven by a love for space, proportion, form, precision, material, light, people and their habits we strive to produce both timeless and contemporary designs.

What drives us when we do architecture?
What are the forces behind that form architecture?
And how do we communicate architecture to society at large?

AIRPORT DESIGN
11:00 - 12:00 | 09.10.2025

Received First Award in International Architecture Awards 2019, the architects **Inagaki Motonori** and **Han Pham** based in Osaka, Japan and Ho Chi Minh City, Vietnam are aiming to create delightful spaces. With their office **Unit0-Saigon/Inagaki Arch. Lab** they pursue a design that makes people happy, comfortable, delightful and useful, generating and discovering culture, through dialogue, communication and participation, and with environmental and ecological considerations.

LIGHTING DESIGN
13:30 - 14:30 | 09.10.2025

Dr. **Trần Văn Thành** is Vietnam's first internationally certified lighting designer. He holds a Master's in Architectural Lighting Design from Germany, and a PhD in Lighting and Built Environment from the UK. Dr. Thành is the Co-founder and Design Director of **ASA Lighting Design Studios** - one of Southeast Asia's leading lighting design practices with two decades of experience delivering bespoke lighting solutions that merge global expertise with deep local understanding.
