

VACANCY

The Goethe-Institut Ukraine is looking for a dedicated

MONITORING AND EVALUATION OFFICER OF THE EU-FUNDED PROGRAMME HOUSE OF EUROPE

Scope of employment: 100 %

Weekly working hours: 40 hours

Place of employment: Kyiv, or Ukraine

Contract duration: until 31.05.2026 (with a possibility for extension up to 30.09.2026)

The **Goethe-Institut** is the globally active cultural institute of the Federal Republic of Germany. With over 150 institutes in 100 countries, we promote international educational and cultural exchange.

The **Goethe-Institut Ukraine** has a large institute in Kyiv. As part of its programme activities, it makes an important contribution to supporting the Ukrainian cultural scene, especially since the beginning of the full-scale war of aggression against Ukraine. We work closely with our Ukrainian partner network in education and culture and implement a wide range of activities with a hybrid and international team both in Ukraine and in Germany. We are looking for qualified and highly motivated colleagues with permanent residence in Ukraine.

An important element of our activities is the implementation of the EU-funded [House of Europe](#) programme.

House of Europe is an EU-funded programme fostering professional and creative exchange between Ukrainians and their colleagues in EU countries and the UK.

The programme focuses on different professional fields: culture and creative industries, education and youth work, social entrepreneurship, and media. An additional priority is put on supporting the national minorities of Ukraine.

This encompasses 15+ separate programme lines enabling Ukrainians to carry out personal projects, or to enrol in courses, conferences, and internships in the EU and the UK. The programme funds cultural cooperation and literature translation between Ukraine and the EU and the UK, along with the revitalisation of cultural infrastructure. House of Europe supports the safeguarding of Ukrainian cultural heritage, the development of creative businesses and media projects, and the holding of cultural events outside the Kyiv bubble. Various learning and matchmaking opportunities, such as Digital Labs, workshops, discussions, conferences, and hackathons, are offered.
